

# AMY HOUSEWINE

Amy Housewine is an authentic tribute to the undisputed queen of the noughties "Amy Winehouse". Amy Housewine has been performing both as a tribute act and the popular and well known covers artist Paula Delaney since 2005.

Paula has worked very hard to become the 'Ultimate Amy Winehouse Tribute' perfecting both the voice and the mannerisms of the late great Amy Winehouse and watching her perform is so reminiscent of Amy except this show is performed sober! The show includes lots of audience participation and the usual Amy banter.

Since Paula's transformation into what has been described as "the best Amy Winehouse tribute in the UK today" she has become a favourite performer for well known personalities such as Alex Ferguson, Ricky Hatton and many other celebrities for their prestigious corporate events in the UK and worldwide. The show is ideal for clubs, holiday parks, casinos, golf clubs, hotel party nights, cruises, universities, weddings and private parties.
